

SILVERLINE EDITION

SUBDUED ELEGANCE, GENEROUSLY INTERPRETED

There is luxury in simplicity and restraint: the majestic understatement of a wooden floor implies style and individuality. Reduction to the bare essentials becomes the measure of all things.

Colours, surfaces and dimensions

Elegant colours, from bright silver to warm gold, accentuate the exclusivity of the Silverline Edition. Lively gradings of the 2-layer format emphasise the uniqueness of the material wood – so every Silverline floor tells its very own story.

Bevels highlight the extraordinarily spacious dimensions of a Silverline floor, bringing out the natural effect of the spatial architecture and directing the light into the room.

Simple elegance arises when high-quality craftsmanship
meets deliberately reduced design.

"The secret of elegance
is in the simplicity of things."

Christian Dior

"I am not interested in luxury.
I used my money to buy my freedom."

Audrey Hepburn

A black and white photograph capturing a close-up of a shoemaker's hands. The shoemaker, wearing a dark suit jacket, is meticulously working on a white leather shoe. The shoe is held in the left hand, while the right hand uses a tool to refine the sole. The workbench is a light-colored wood, heavily marked with scratches and signs of use. The lighting is dramatic, highlighting the textures of the leather and the wood.

EXCLUSIVE REFINEMENT

The colours and the surface finishing of the Silverline Edition are just as exceptional as the length of the individual boards. Over the course of time, a very special patina emerges – interesting reflections develop along with a depth that increases with age.

MADE IN SWITZERLAND

Large-format parquet floors require meticulous attention to detail in production. This is why every single Silverline Edition plank is made by Bauwerk Parkett top craftsmen in Switzerland, which guarantees exclusive quality. Even wood drying requires great experience and patience: if rushed, it will result in undesirable cracks even with calmer gradings.

"Simplicity is the
ultimate sophistication."

Leonardo da Vinci

OAK SILVER

Clear and light like the morning sky, Silver brings a sense of calm and contemporary elegance to the space. The subtle tone feels both understated and refined – ideal for minimalist interiors with timeless character.

OAK FARINA

Farina – as light as flour – creates a sense of gentleness in the room and highlights refined materials. Combined with lighter-coloured interiors, Farina offers a uniform look, while with darker ones, it creates a convincing contrast.

OAK CREMA

Soft and balanced, Crema brings a natural brightness into the room.
The gentle, creamy hue creates a calm atmosphere and offers great versatility –
for a stylish and welcoming sense of home.

OAK AVORIO

Elegant and discreet, the ivory-coloured wood brings brightness to interior spaces. Avorio suits every room and creates a balanced atmosphere.

OAK NATURE

As natural as the wood itself.
Warm, authentic and natural, oak creates an atmospheric and
cosy mood for true comfort.

OAK GOLD

This shade brings inviting warmth and adds a comfortable note to every room. Hardly any other wood colour combines exclusivity and natural character so perfectly as Oak Gold.

"The greatest enemy of quality
is haste."
