# CLASSY ALL-ROUNDER

The Cleverpark plank is a perfect all-rounder that works in any room. It offers various colours, wood types, and surfaces and is a pleasure to walk barefoot, especially in its brushed version.

## Colours, surfaces and dimensions

Cleverpark 1250 is the most compact plank format in our product range, impressive due to its richly diverse selection of wood types and colours. The dimensions of this 2-layer parquet, at 1250 × 100 mm, offer many different design options, making it perfect for smaller as well as larger rooms. As the planks are made without bevels, their individual elements blend intentionally with the background: the floor looks seamless and calm, presenting itself as a unified whole. Moreover, Cleverpark 1250 is based on HDF panel technology with a resource-saving 2.5 mm top layer, manufactured at the company's headquarters in Switzerland.

	<b>Ash Farina</b> Surface: B-Protect® Grading: 13		<b>Oak Mandorla</b> Surface: matt lacquered, natural oiled, B-Protect® Grading: 14*, 34		<b>Walnut american</b> Surface: matt lacquered, natural oiled Grading: 14, 34

**Bauwerk Parkett – Built for a lifetime**

What began in 1935 with the invention of solid parquet by Swiss pioneer Ernst Göhner, sets new standards for ambitious design and healthy living today. Just like every tree and every piece of wood, each of our responsibly manufactured planks is sustainable and unique. A fusion of Swiss engineering and authentic nature results in extraordinary living experiences: today, and for future generations. [bauwerk-parkett.com](http://bauwerk-parkett.com)
