

BAUWERK GROUP

www.bauwerk-group.com

Innovative, modern, sustainable, and value-driven – these are some of the attributes that distinguish us as a leading supplier of premium parquet. Would you also like to be part of an international team that researches, develops, produces, distributes floorings and brings rooms to life with the renewable raw material wood?

At our headquarters in **St. Margrethen**, we are looking for a competent, self-driven and proactive

Technical Product Manager (m/f/d) 80–100%

As a Technical Product Manager your focus will be to guide product and portfolio specific questions between application engineering, sales, production and purchasing. You are the expert on products and its application.

Your responsibility

- First contact point for internal Stakeholders on technical product and portfolio related questions
- Overall portfolio responsibility and portfolio management within a dedicated product group
- Continuous improvement of product usability, installation and design based on market learned facts
- Specify and coordinate customer specific product requests
- Leveraging product portfolio synergies between the different brands
- Identify opportunities on existing portfolio based on incoming requests
- Owner of data management systems (PIM)

Your profile

- Technical degree in chemistry or wood technology (BSc./MSc. or comparable education and experience)
- Experience in the construction or chemical industry
- Additional degree in product management is an advantage
- Self-motivated, analytical, and entrepreneurial personality
- Structured and process-oriented way of working
- Very good communication skills with strong implementation skills
- Very good knowledge of English and German, both written and spoken
- 10% travel activity

An active, dynamic environment with two leading brands that set new standards in the industry, independent, autonomous, and self-responsible activities within a team that stands behind you, home office opportunities, the culture of our Bauwerk Group and much more await you.
