

BAUWERK GROUP

www.bauwerk-group.com

Innovative, modern, sustainable and value-driven – these are some of the attributes that distinguish us as a leading supplier of premium parquet. Would you also like to be part of an international team that researches, develops, produces, distributes floorings and brings rooms to life with the renewable raw material wood?

At our headquarters in **St. Margrethen**, we are looking for a competent, motivated and proactive

Product development and certification engineer (m/f/d)

80–100%

In this role you will be the contact point for external communication concerning product related certification topics. You will be part of the creation of a group wide product certification strategy including budget and timeline for the Boen, Bauwerk and Sports products. As part of the Product Development Team, you will evaluate materials as well as production processes to develop innovative products in a truly committed team.

Your responsibility

- Support the buildup of a group wide product certification strategy
- Support Product Management and Product Development on technical related product certification questions and topics
- Provide up to date certificates in the areas agreed
- Obtaining changes on legal and non-legal product certification and initiating product certification/changes
- Development of new products and surfaces as well as further development of existing products

Your profile

- A Bachelor's degree in chemical engineering with a focus on color and coatings, ideally complemented by a Master's program
- 3–5 years of experience in product certification management or product development
- Advanced training in product or project management is an advantage
- Self-motivated, analytical and entrepreneurial personality
- Structured and process-oriented way of working
- Winning personality to drive group wide projects
- Fluency in spoken and written German and English
- 5% travel activity

An active, dynamic environment with three leading brands that set new standards in the industry, independent, autonomous and self-responsible activities within a team that stands behind you, home office opportunities, the culture of our Bauwerk Group and much more await you.
