Colours, surfaces and dimensions

The Villapark plank is a 2-layer parquet distinguished by its generous size of 2194 × 180 mm. Each plank features a bevel along the long sides, further emphasising its impressive dimensions. The characteristic brushed surface creates a pleasant, tactile barefoot experience, making Villapark the perfect floor for comfort and wellbeing. In addition, Villapark is built on HDF technology with a resource-efficient 2.5 mm wear layer and is manufactured at our Swiss headquarters.

Bauwerk Parkett – Built for a lifetime

What began in 1935 with the invention of solid parquet by Swiss pioneer Ernst Göhner, sets new standards for ambitious design and healthy living today. Just like every tree and every piece of wood, each of our responsibly manufactured planks is sustainable and unique. A fusion of Swiss engineering and authentic nature results in extraordinary living experiences: today, and for future generations. bauwerk-parkett.com
